

Future Chefs of America

Summer is fun and so are we at the Summer Academy! We would like to provide your child with a summer camp experience without having to leave home overnight.

Children are grouped according to their age, with a variety of activities planned for each level. The program emphasizes academic enrichment including daily reading, math activities, technology, field trips, science experiments, guest speakers, and mini-courses. Children will learn through hands-on activities, such as designing bracelets, creating paper airplanes, molding Plaster of Paris, and making a Summer Academy cookbook. They will also learn new skills such as cooking, babysitting and camping.

Most importantly, children will have time to play! Whether it is at the city pool, in one of our newly upgraded playgrounds, or in our beautiful, full-sized gymnasium, children will have the time they need to run, jump, swim, hop, skip, and laugh!

HOW DO I REGISTER?

Summer Academy Hours of Operation:

Monday – Friday 7:30am – 5pm

Session I: June 5 – June 30

Closed: July 1 – July 9

Session II: July 10 – August 4

Your child can attend on a weekly or drop-in basis. Summer Academy registration forms are available at the school or on our website

www.sfsww.com. For information, please call the school office (304)727-5690, or contact Cindy Norden at (304) 543-6440 or by email bizzycindy@yahoo.com.

Learning at St. Albans Public Library

Children will have weekly trips to the Saint Albans Library, as well as additional trips to attend special programs. They will go to the Saint Albans City Pool each week, weather permitting, and enjoy weekly Movie Days in the school cafeteria, complete with a movie theater snack!

Don't let your children miss out on the fun!

Gardening

Our Sample Day

7:30 – 9:00	Arrival Activities
9:00 – 9:45	Centers
9:45 – 10:00	Morning Healthy Snack

Designing Chef Aprons

Homemade Pepperoni Rolls

Mini Courses

LET'S COOK – IS IT HEALTHY?

Each day of the week, children will learn to cook a food item both the healthy and unhealthy way, and then decide which one is better for them.

LET'S CELEBRATE THE 4th of JULY

Children will learn all about July 4th. They will decorate bikes, scooters or skateboards, and celebrate with a parade and picnic.

BABYSITTERS-R-US

Children will learn about First Aid and CPR for babies and small children. They will practice changing diapers, make a baby rattle, and make (cook) a teething ring.

THINGS WE SHOULD KNOW

Children will make a sundial and practice telling time on a regular and digital clock. They will count money, learn how to write a check, balance a checkbook, and how to read a map and world atlas.

SUMMER ACADEMY STAFF

Certified teachers, future teachers, college students and high school students will be staffing our Summer Academy this year:

Cindy Norden has been at St. Francis seven years. She begins her sixth year at the Summer Academy, and third year as the Director.

Jennifer Pauley is completing a Master's Degree in Special Education at WJU. She is the St. Francis School After School Care Director, and begins her third year at the Summer Academy.

Alexandra Green graduates from WVSU in May with a BA in Elementary Education. She taught St. Francis School's PE and Technology classes and assists in After School Care. She begins her third year at Summer Academy.

Ryan Sikora attends BVCC, majoring in Computer Software Design, and assists in After School Care. He begins his fourth year at the Summer Academy.

John Klassen will begin attending WVSU in the fall, majoring in education. He assists in After School Care, and begins his second year at the Summer Academy.

Cassidy Walker attends WVU majoring in Speech. She begins her second year at the Summer Academy.
